

BLOWVAC

BARBERHOOD

BLOWVAC Mini blower and vacuum

- + Lithium-ion battery rechargeable via USB-C socket. Battery time: 2 hours.
- + Integrated front LED light for greater visibility and more precision during use.
- + 2 in 1: outgoing air flow and ultra-powerful vacuum cleaner. It can blow air out from one end and suck air in from the other using special nozzles.
- + The lightweight and durable multifunctional blower that allows you to quickly clean workstations and products in seconds.
- + 100,000 rpm digital motor generating extreme air pressure.
- + Two work modes: Manual and Automatic with 4 speeds, which can be activated by pressing the button on the product handle.
- + 5 exclusive accessories included in the package for every need.
- + Professional nozzle that delivers a precise and even jet of air, ideal for the AirTouch lightening technique. Its optimised shape allows the outgoing air jet to selectively separate shorter, thinner or damaged locks strands from longer, stronger ones. An essential tool that allows the hairdresser to work with maximum efficiency, ensuring flawless separation of sections and superior lightening results.
